Learning Objectives

After this webinar, attendees will be able to:

**Identify the roles** that MA plans play.

**Identify mental health benefits** that Medicare beneficiaries receive through these service systems and how providers in these settings currently receive reimbursement.

**Describe how practitioners enroll** in MA insurance panels and networks and the benefits of doing so.

**Identify processes** for individual counselors and MFTs to interface with MA plans.

**Identify next steps** in the implementation of Medicare Part B coverage of MFTs and counselors and roles practitioners can play in addressing the needs of older adults served by MA plans.
Mary Beth Donahue was named President and CEO of Better Medicare Alliance in 2021, bringing nearly three decades of experience in management, health care policy, and patient advocacy to the role. Donahue began her career working in state government in her native Massachusetts and ascended to a role as Chief of Staff at the U.S. Department of Health and Human Services under Secretary Donna E. Shalala during the Clinton administration.

She served as Executive Director of Kidney Care Partners, a coalition of patient advocates, dialysis professionals, care providers, researchers, and manufacturers dedicated to improving quality of care for individuals living with kidney disease. A leader in patient advocacy and health equity, Donahue additionally serves on the Board of Directors for the Alliance for a Healthier Generation.
Ryan Sorrell is Regional Vice President for Carelon Behavioral Health West Region. He has 25 years of health care experience, beginning his career as a behavioral health counselor before moving into operations management and provider informatics with a large group practice in Austin, Texas. Sorrell developed a business intelligence unit supporting network initiatives at Human Behavioral Health, where he moved into the Regional Director of Contracting role, overseeing 26 states.

In addition to focusing on strategic vision and network oversight, Sorrell worked for Christus Health Networks, adding responsibility for system accountable care organization (ACO) and clinically integrated network (CIN) value-based relationships. Most recently, he served as the Vice President of Network Management for Community Health Choice, in Houston.

What Is the Better Medicare Alliance?

Better Medicare Alliance is the **leading research and advocacy organization supporting Medicare Advantage.**

We are a community of 200+ diverse Ally organizations from across the health care spectrum with over 1 million grassroots beneficiary advocates nationwide.

Together, we work to create a healthier future by growing and strengthening Medicare Advantage.
What Is Medicare Advantage?

Medicare Advantage is the managed care, public-private partnership option available to individuals eligible for Medicare.

Medicare Advantage (Part C) includes coverage of both Medicare Parts A and B services.

Most Medicare Advantage plans include Part D prescription drug coverage.

Many plans also include supplemental benefits not covered by FFS Medicare.

1. During the COVID-19 Public Health Emergency (PHE), waivers allowed FFS Medicare to reimburse more services for all beneficiaries (i.e., even those in urban areas) rendered remotely. For more on telehealth flexibilities, see the ATI Advisory and BMA report: Telehealth During a Time of Crisis: Medicare Experiences Amid COVID-19.

2. The Consolidated Appropriations Act (CAA) of 2023, the CMS CY 2024 Physician Fee Schedule (PFS) final rule, and CMS CY 2024 Hospital Outpatient Prospective Payment System (OPPS) final rule extended certain telehealth policies from the CAA of 2022. CMS will continue to make payments under the PFS for services included on the Medicare Telehealth Services list furnished via an audio-only telecommunications system and will continue payment under the OPPS for remote behavioral health services provided by clinical staff of hospital outpatient departments through December 31, 2024.
Medicare Advantage’s Changing Population

- **Over 32 million** beneficiaries in MA
- **51%** of all Medicare beneficiaries choose MA
- **52.7%** of beneficiaries live on less than $25,000 annually
- MA enrollees are **19% more likely** than FFS enrollees to live in socially vulnerable counties
- **27%** of MA enrollees are Black, Latino, or Asian compared to 17% of FFS enrollees

BMA’s Recent Policy Solutions

Acknowledging the current Medicare Advantage environment and in collaboration with our Allies, BMA identified 7 areas of focus and built out policy recommendations aimed at strengthening Medicare Advantage via program improvements that maintain and modernize the affordable, equitable, and high-quality care over 32 million beneficiaries rely on each day.

7 Areas of Policy Focus

• Health Equity
• Supplemental Benefits
• In-Home Health Risk Assessments
• Mental & Behavioral Health
• Provider Directories
• Utilization Management
• Marketing
Policy Solution Goals

• Advance health equity through better data collection and a diverse and culturally competent workforce
• Enhance supplemental benefit data collection and evaluation
• Strengthen the value of in-home health risk assessments
• Increase access to mental and behavioral health
• Improve provider directory accuracy
• Modernize and streamline utilization management and prior authorization
• Establish marketing guidance that supports beneficiaries in making informed choices
The Future of Medicare Advantage

• Meet current and future beneficiaries’ physical, social, and emotional needs
• Support beneficiaries and their increased need and use of services
• Promote value-based care and care delivery innovations that deliver better outcomes and high-quality care
• Ensure Medicare Advantage remains an affordable health care option for seniors and people with disabilities
• Leverage flexibilities and innovations in Medicare Advantage to support beneficiaries, particularly low-income and minority beneficiaries

Join our network

Be part of a best-in-class network of providers

We strive to provide our members access to the country’s best and most accessible behavioral health providers. We’d love to include you.

There are five steps to joining our network. Please review each section to learn more about these steps and what to expect after you apply:

- **Step 1:** Complete the Request to Join
- **Step 2:** Submit a signed contract
- **Step 3:** Credentialing process
- **Step 4:** Final notice of acceptance
- **Step 5:** Connect with our team
Credentialing: MFTs and MHCs must undergo a credentialing process. Process includes verifying qualifications, licenses, and other credentials.

Contracting: Negotiation of terms, reimbursement and services to be provided.

Billing & Reimbursement: Once contracted, you will be able to bill the Medicare Advantage Plan directly for covered services to the plan beneficiaries. Reimbursement rates may vary based on the plan and services rendered. Medicare Part B pays MFTs and MHCs at 75% of what clinical psychologists receive under the Medicare Physician Fee Schedule.

Compliance & Documentation: Comply with all plan requirements, including documentation, reporting, and quality measures. Keep accurate records of services provided, diagnosis, and treatment plans.

End-to-End Process and Steps to Participating with a Medicare Advantage Plan

1. Eligibility and Enrollment
   MFTs and MHCs must be eligible to participate in Medicare.

2. Network Participation
   To contract with a Medicare Advantage Plan, MFTs and MHCs need to be part of the plan network. Each Medicare Advantage Plan can have different network requirements and participation processes, so be sure to inquire on the process.

3. Credentialing & Contracting
   Credentialing: MFTs and MHCs must undergo a credentialing process. Process includes verifying qualifications, licenses, and other credentials.

4. Billing & Reimbursement
   Once contracted, you will be able to bill the Medicare Advantage Plan directly for covered services to the plan beneficiaries. Reimbursement rates may vary based on the plan and services rendered. Medicare Part B pays MFTs and MHCs at 75% of what clinical psychologists receive under the Medicare Physician Fee Schedule.

5. Compliance & Documentation
   Comply with all plan requirements, including documentation, reporting, and quality measures. Keep accurate records of services provided, diagnosis, and treatment plans.

As of January 1, 2024, they can bill Medicare independently for services related to the diagnosis and treatment of mental illnesses under Medicare Part B.

Be sure you have not opted out of Medicare and are not on the CMS excluded or precluded provider lists.
Digital Solutions

Network Overlay Activities:

- Recruitment, Contracting, Credentialing
- Improving Provider Quality
- National Telehealth Partners
- Existing Network

These tools will support care management engagement and care coordination, provide targeted programs for lower-acuity members, and extend provider treatment.

New, patient-centric digital member experiences include multi-channel engagement (including through the web, chat, phone, and apps).

Members can self-triage and navigate these services. We offer a broad suite of member-focused resources, including self-service tools, educational content, and telehealth services.
Eligibility and Coverage:
- MA plans cover telehealth services, including mental health, but the specifics can vary from plan to plan.
- Providers must be enrolled in Medicare and meet the plan’s network requirements.

Telehealth Modalities:
- MA plans generally allow for various telehealth modalities, such as video visits, phone calls, and secure messaging.
- Providers should be familiar with the plan’s preferred telehealth platforms and technologies.

Reimbursement and Billing:
- Understand the billing codes and modifiers specific to telehealth and document services accurately to ensure proper reimbursement.

Parity Laws:
- The Mental Health Parity and Addiction Equity Act (MHPAEA) requires equal coverage for mental health services, whether delivered in-person or via telehealth.
State Regulations:
  o Providers should be aware of any state-specific requirements related to telemental health.

Technology and Security:
  o Ensure secure communication platforms that protect patient privacy and comply with HIPAA regulations.

Clinical Considerations:
  o Assess whether telehealth is appropriate for each patient and address any limitations related to remote assessment and treatment.

Continuity of Care:
  o Maintain continuity of care for patients transitioning between telehealth and in-person visits.

Quality Measures:
  o MA plans may have quality metrics related to telehealth services. Providers should track outcomes and comply with all reporting requirements.
How Carelon Is Addressing Mental Health Needs of Older Adults and the Role of MFTs and MHCs

By leveraging the skills and expertise of MFTs and MHCs, we can bridge gaps and enhance the well-being of this vulnerable population.

Identified Areas of Need for Older Adults by Medicare Advantage Plan:

1. Awareness of Growing Needs of Older Adults for Mental Health Services
2. Age-Friendly Approaches
3. Advocacy and Collaboration
4. Training and Workforce Expansion
5. Community-Based Services
6. Collaborative Partnerships
